**REQUEST FOR CERTIFICATE OF CORRECTION UNDER 37 C.F.R. §1.322**

Dear Sir:

Applicant respectfully requests the issuance of a Certificate of Correction to correct an error attributable to the United States Patent and Trademark Office, which is identified on Certificate of Correction form PTO/SB/44 filed herewith. Applicant further requests that notification of the issuance of the Certificate of Correction promptly be published in *The Official Gazette*.

No fee should be required for this request since the error is due to the USPTO. Notably, U.S. Patent No. 7,084,277 issued without showing certain of Applicant's amendments entered during prosecution. In particular, Applicant submitted on August 18, 2005 an Amendment (with a Request for Continued Examination) that amended *inter alia* the specification at page 1, paragraph 2 to correct an error of a clerical nature and claims 11 and 12 to correct another error of a clerical nature. Even though the Examiner indicated in the subsequent Notice of Allowability dated September 12, 2005 that such submission was entered, the application issued as U.S. Patent No. 7,084,277 without reflecting Applicant's amendment. Applicant presently requests that the specification at page 1, paragraph 2 and claims 11-12 be corrected as shown in the Certificate of Correction filed herewith, which is in accordance with the Applicant's Amendment submitted August 18, 2005.

While no fee should be due in connection with the present request, the Commissioner is hereby authorized to charge any fees, which may be required, or credit any overpayment, to Deposit Account No. 16-1445.

Respectfully submitted,

Date:

December 1, 2006
